'Following  
Jesus in all we do'

21<sup>st</sup> June 2018

Dear parents

## 'Let us know your Views!'

It is that time of year again!! The time when we reflect on our provision; how we are living out our mission as a Catholic school. Both the Governing Body and staff of St Joseph's pride ourselves on being a school that does just that. We know how important it is to understand you and your views about the education we provide for your children. To further improve the impact of your views and opinions you will be receiving our annual questionnaire. Every year I stress how vitally important it is to us that you take the time to complete the survey. Your views really do count.

The main purpose of this survey is to assess how satisfied you are with the different aspects of the school and to assess how important these are to you. The surveys will be sent out to every child to bring home. **If you have more than one child at the school then we ask that you complete one for each of your children. A key part of the analysis is on gender and year group so it will help us to gather a really good picture of our school, the education that we provide and how satisfied you are.**

This survey is an annual 'event' and the analysis is really effective now as this will be the 4<sup>th</sup> year and a big part of it is to measure against previous years and look at patterns. Once we have the results of the survey, they will be communicated both through letter and on the website, highlighting positives and areas that you say that we need to address. These areas will be a priority for discussion initially with our developing Parent Partnership group and will play some part in the school's development plan. If you are interested in being part of the Parent Partnership group, please speak with Mrs Masters. We do need more members for a once a half term hour meeting so please give this some thought.

I thank you in advance for all of your feedback. Remember to look out for the survey envelope and be sure to fill it in! We are aiming for over 20 responses at least from each class. This is your chance for giving constructive feedback, please don't waste this opportunity.

Thank you as ever for your continued support.

Yours in faith and partnership

*L Bury*
